ANTARIS SOLAR Germany

THE ANTARIS P6 SERIES

- Using high-quality components, ANTARIS modules are manufactured from high-quality components for use worldwide in photovoltaic systems.
- Continuous quality controls throughout the entire production process
- Production with the latest technology for quality assurance
- Quality assurance provided by external, independent testing institutes in Germany

We have granted the ANTARIS P6 SERIES a 30-year performance guarantee and a 12-year product guarantee

30 years performance warranty

12 years PRODUCT WARRANTY

Also available in **BLACK**

AS P6 SERIES

TÜV TEST 2012 AMMONIAC SAFE

HIGH resistance to snow load up to 6000 Pa

CE

TÜV NORD Type Tested

PVRECYCLE
